

Carroll County Board of Education

COVID-19 Data Update November 10, 2021

Data only

*Please note that this data is preliminary and subject to change.

**Carroll County
Health Department**

Public Health
Prevent. Promote. Protect.

Levels of community transmission as defined by the CDC:

- Total new cases per 100,000 in past 7 days: low <10, moderate 10-49, substantial 50-99, high ≥ 100
- Percent positive tests in past 7 days: low <5%, moderate 5-7.9%, substantial 8-9.9%, high $\geq 10\%$
- If the two indicators suggest different transmission levels, the higher level is selected.

Total new cases per 100,000 this week:
103.3 - high

Up 6.53 from last week

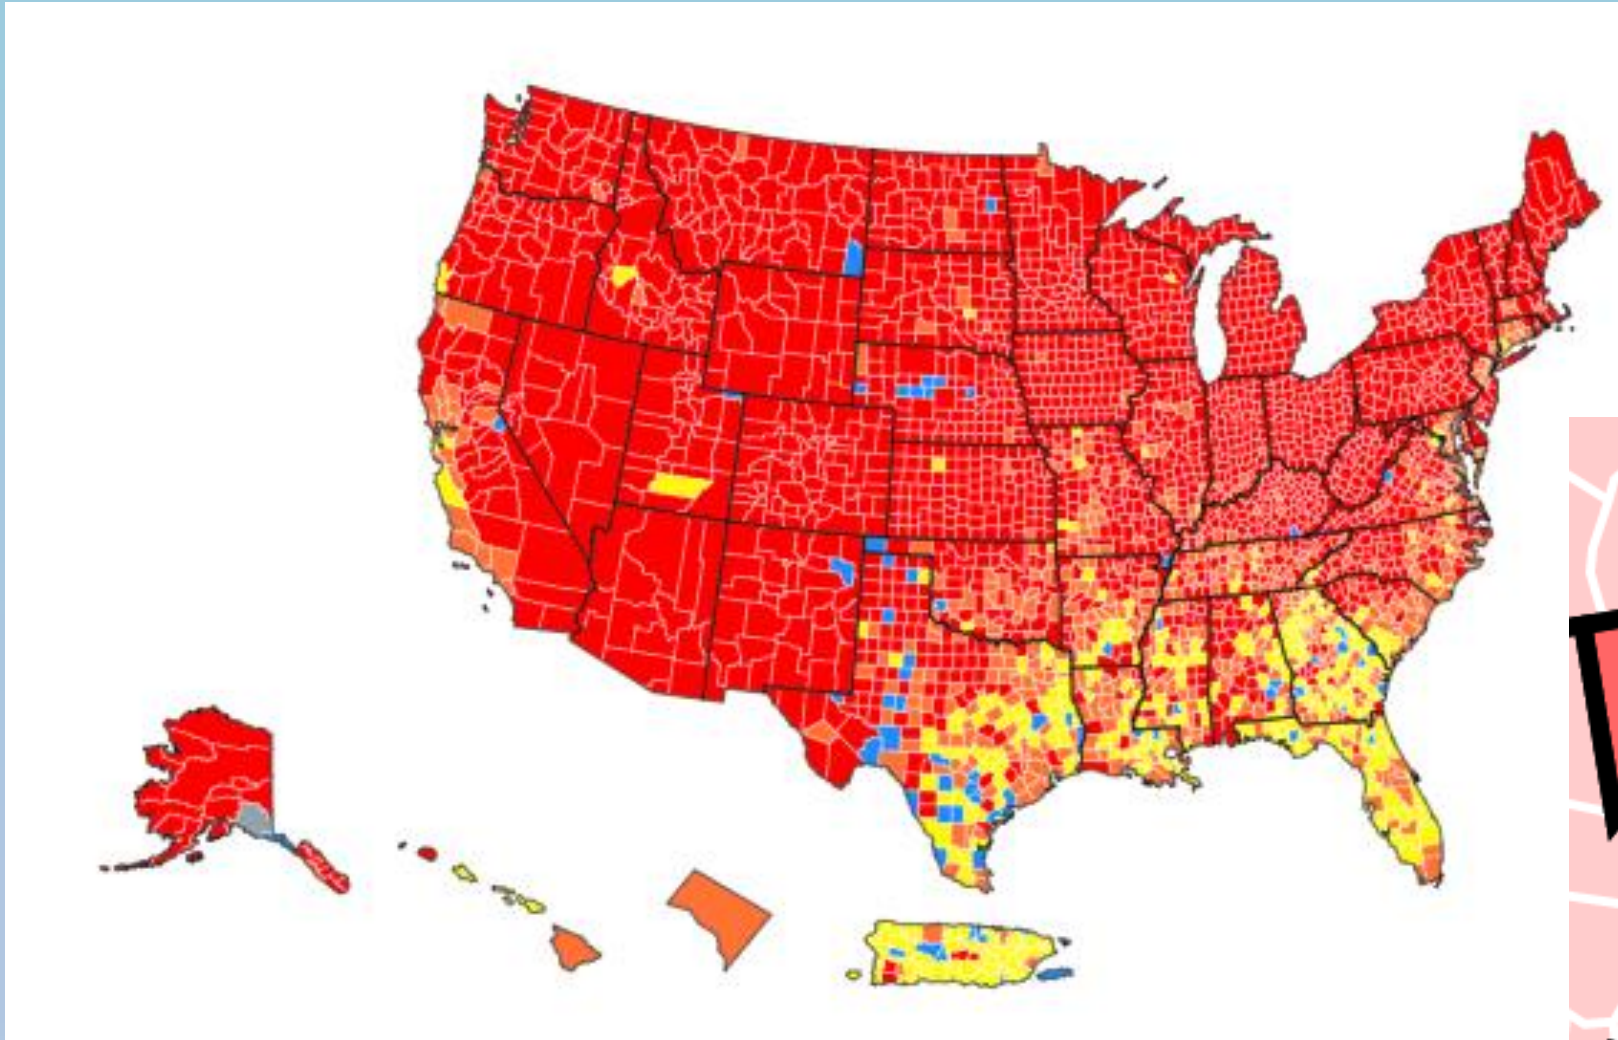

Positivity rate in Carroll County:
6.83%

- moderate

Up 1.6% from last week

CDC Transmission Level Data

High (red), substantial (orange), moderate (yellow), and low (blue)

Carroll County is back in high transmission according to CDC data.

All COVID-19 Cases by Report Week

Probable cases

- Probable cases are those who test positive with an antigen test, not a PCR test.
- Probable cases are not included in our confirmed case totals (PCR test only).
- Cases that are confirmed with PCR tests are removed from the probable totals.
- Week of 5/9 high due to lab submitting multiple weeks of past reports.

Community COVID-19 Case Rates by Age Group and Report Week

Please note: community cases only

Post Vaccination Infections

Maryland’s first post-vaccination infection was identified on January 26, 2021. This information reflects cases tested in Carroll County from January 26 – November 6, 2021.

110,720 (65.7%) of all Carroll County residents have been fully vaccinated as of November 8, 2021.

There have been 816 COVID-19 cases among fully vaccinated Carroll County residents and 4,429 cases in residents who are not fully vaccinated since January 26, 2021.

- Of those fully vaccinated cases, there were:
- 67 cases hospitalized, representing 15.5% of all COVID-19 cases in Carroll County who were hospitalized since January 26, 2021
 - 17 deaths, representing approx. 24.6% of all lab-confirmed COVID-19 deaths in Carroll County since January 26, 2021*

Approximately 15.6% of all confirmed COVID-19 cases in Carroll County since January 26, 2021 have been among fully vaccinated individuals.

*Because our number of deaths is low, it is difficult to make conclusions based on vaccination status.

Post-Vaccination Case Rates

While the number of “breakthrough” cases in fully vaccinated individuals has increased, case rates remain much higher in those who are not fully vaccinated. Case rates below represent the number of cases per 100,000 people who are fully vaccinated and those who are not fully vaccinated.

Please note, these are case rates per 100,000, not case numbers.

Rates show the numbers of cases each month in relation to the size of the population in which they occurred (the number of people who are fully vaccinated or the number of people who are not yet fully vaccinated). This makes it easier to compare groups of different sizes.

In this case, there are more people in Carroll County who are fully vaccinated (110,720 as of 11/8) than people who are not fully vaccinated (57,727).

Hospitalizations by Report Week: All COVID-19 Cases

This graph shows hospitalizations by week for COVID positive Carroll County residents, in any hospital.

- Report week is the week their case was reported, which may not be the same week they were hospitalized. Only one hospitalization is noted per person.
- There is a slight data lag so recent numbers may increase.
- Additional hospital data can be found on our website:
<https://cchd.maryland.gov/carroll-county-md-cases/>

Hospitalizations and Deaths by Age Group (years): All COVID-19 Cases

Note: Red numbers indicate total cases added since last week.

COVID-19 Deaths by Week of Death

Please note:

- This data does not include deaths in probable cases.

Covid-19 Vaccine Doses Administered by CCHD*

1 st doses administered	27,463
Single-doses J&J	718
2 nd doses administered	26,291
Additional doses (3 rd doses and boosters)	1,124
TOTAL DOSES ADMINISTERED	55,596

As of November 8, 2021 – doesn't include over 480 5-11 year olds vaccinated late Monday, 11/8

% Carroll County Population Vaccinated, by Week

— % ≥ 1 Vaccine Dose — % Fully Vaccinated

This table shows the percentage of the total population (all ages including children) who are vaccinated: 68.4% partially and 65.7% fully vaccinated.

% Vaccinated by Age Group

Please note
new younger
age groups.

Data for 5-11
year-olds will
be added next
week.

*At least one dose; preliminary data through 11/8/2021

**Percent COVID-19 Vaccination Estimates by Race/Ethnicity:
Aged 20+ Years**

Vaccination Clinics

Come to a Health Department clinic, 290 South Center St., Westminster

- **Tuesdays 10:00 am to 12:00 pm**
- **Fridays 1:00 to 3:00 pm**

Anyone 12 and up can be vaccinated at these clinics (Pfizer is still the only vaccine approved for use in ages 12-17).

Offering 1st, 2nd, and 3rd doses for people who are immunocompromised and boosters of Pfizer and J&J.

All links shared on our website.

<https://cchd.maryland.gov/registration-links/>

Booster shots are approved for:

- Pfizer and Moderna, 6 months after the 2nd dose if you are:
 - 65 years and older
 - Age 18+ and live in [long-term care settings](#)
 - Age 18+ and have [underlying medical conditions](#)
 - Age 18+ and work or live in [high-risk settings](#)
- Anyone who received Johnson & Johnson, 2 months or more after your vaccine

CDC's recommendations now allow for mix and match dosing for booster shots.

Boosters are available at many pharmacies and some healthcare providers, and through CCHD:

Booster clinics for **Moderna only**:

- *South Carroll Senior Center, Thursday, November 4th, 2:00 pm – 6:30 pm*
- *Taneytown VFD Activities Building, Friday, November 5th, 10:00 am – 3:00 pm*
- Westminster Senior Center, Thursday, November 11th, 9:00 am – 3:00 pm
- North Carroll Senior Center, Thursday, November 18th, 2:00 pm – 6:30 pm
- Winfield VFD Social Hall, Thursday, December 2nd, 2:00 pm – 6:30 pm

Register here: <https://cchd.maryland.gov/covid-19-booster-shots/>

Pfizer and Johnson & Johnson boosters are available at our regular clinics,
<https://cchd.maryland.gov/registration-links/>

COVID-19 Vaccination for Children

Although fewer children have been infected with COVID-19 compared to adults so far during the pandemic, rates of infection in younger age groups have increased significantly in recent months. Children of any age can:

- Be infected with the virus that causes COVID-19
- Get sick from COVID-19, be hospitalized, get seriously ill, or die from COVID-19
- Spread COVID-19 to others

[The CDC's now recommends that children 5 years and older get a COVID-19 vaccine](#). The Pfizer-BioNTech COVID-19 Vaccine for children 5-11 is a two-dose series, 3 weeks apart, but is a lower dose (10 micrograms) than that used for individuals 12 years of age and older (30 micrograms).

Talk to your child's healthcare provider about getting your child vaccinated against COVID-19. It is safe to receive COVID-19 vaccines at the same time as the flu vaccine and other vaccinations.

Find a COVID-19 Vaccine for Your Child

- Check with local pharmacies and your child's healthcare provider

Health Department's 1st dose COVID-19 vaccine clinics for children ages 5-11 only:

[Monday, November 8th - Taneytown VFD Social Hall, 3:30 pm - 7:30 pm – over 480 children vaccinated](#)

[Saturday, November 13th - Winters Mill High School, 12:00 pm - 4:30 pm](#)

[Saturday, November 20th - South Carroll High School, 11:00 am - 4:00 pm](#)

[Wednesday, December 15th - Manchester VFD Social Hall, 3:30 pm - 7:30 pm](#)

[Thursday, December 16th - Winfield VFD Social Hall, 3:30 pm - 7:30 pm](#)
